No. 28

Biggest Cedar Pole Sale Yet Made in the Province Held at Terrace Thursday

A total of a million and a half feet of cedar poles and piling were disposed of at Terrace last Thursday afternoon. It was the largest cedar sale ever held in the province, and it was a most successful one in every way. The upset price was 1 1/4c for seven inch tops and 1 1/2c for eight inch tops. Most of the stuff went for more than the upset price, some going to 3c which means, when stumpage and the royalty are added, the government is getting 4c.

The auction sale, for such it was, held in the G. W. V. A. hall at two o'clock, and the bidding was started right on the dot. A. E. Parlow, the new district forester, succeeding R. E. Allen, was present at this his first sale and he was well pleased with the results.

The sale was conducted by Mr. Allen and he was most fair to everyone. In fact everyone was more than satisfied. While waiting for the hour of two to arrive Mr. Allen introduced the new district forester to the audience and asked for him the same consideration which had been shown himself during his many years in the service here. Mr. Parlow made a very suitable reply and hoped to see the people of the district often.

By two o'clock there were at least seventy-five men in the hall and all were interested, directly or indirectly, in the cedar pole business. It was to be seen from the start that whoever was going to take out the timber was going to pay for it.

There were nine sales offered, the largest being about half a million feet and the smallest about 14,000 lineal feet. Before starting the bidding the auctioneer stated that the department intended to strictly enforce the slash

disposal clause which provides that all slashing within fifty feet of a road must be disposed of at the discretion of the forester. It was also announced that all successful bidders must put up a deposit of ten per cent of the purchase price. The boys were all prepared to carry out this condition and when the sale was over the district forester hurried over to the bank and made quite a nice deposit.

At the opening Olaf Hanson, on behalf of the Hanson Lumber & Timber Co., offered a bid of the upset price on all the timber offered. Auctioneer R. E. Allen said this could not be accepted. Every sale would be sold separately, and everyone given an opportunity to bid the upset prices.

The bidders were the Hanson Lumber & Timber Co., R. J. McColeman, C. L. M. Giggy, Geo. Little, and Herman Frickman.

Mr. Coleman got two sales for which he paid 2 1/2 and 1 1/2 and 1 1/2; Hanson Lumber & Timber Co. got two sales at the upset price; Mr. Giggy got two sales at 1 1/4 and 2 1/4; and 2 1/4 and 3c; Geo. Little paid 1 1/4 and 1 1/4; Herman Frickman paid 1 1/4 and 1 1/4 and 1 1/4 and 1 1/2. The bidding on most of the sales was spirited.

The timber is all located in the Kitsumkalum Valley. The intention of the purchasers, so far as it could be learned is to start operations at once. Thus, it looks as if labor conditions in the Terrace district should be better this season than for several years. There is a lot of timber in that lot and it will mean a great deal of work to get it to the railway. A good deal of it will be hauled in by truck, in fact it is likely that the bulk of it will be brought in that way. Clearing out a river and driving poles is not the most economical way of handling the poles.

PRINCE RUPERT NEWS LETTER

Even the most hard-boiled of critics is admitting that the outlook for a road to Terrace is passing fair. The job is being undertaken in a business-like way. The Galloway Rapids bridge site has been relocated, and instructions have been given to prepare plans. Survey crews are busy between here and Skeena City. Its action all along the line.

A letter addressed to a local business man in "Prince Rupert, Saskatchewan" arrived here last week. It came from a Toronto publishing house, that should have known better: Prince Rupert can handle wheat—not grow it.

Major George E. Gibson—the amiable and humorous "major" of pioneer days—appears to have settled down, in the effete and populated east, for good. He is the member of a bank staff, in Princeton, New Jersey. Many will recall the tall, erect, bearded figure, stalking the plank sidewalks of Prince Rupert. He always had a twinkle in his eye and a salutation for everybody. Few were more popular.

The ranks of the local old timers have again been reduced. Joe W. Scott, hardware dealer, has gone to the undiscovered country. Stricken with pneumonia, he succumbed to a brief illness. He will rest in the family plot at West Toronto, near his father, who passed away a few years ago. It is not known what disposition will be made of the business.

Frank W. Hart, who is along in years—he did business in Vancouver when that proud city was not much larger than Prince Rupert—has gone south to see about health restoration. All winter Mr. Hart has been wrestling with sciatica. He will try Harrison Hot Springs.

Dr. Maguire, who can extract a tooth with such soothing dexterity that you hardly miss it as its coming out, has had built for himself, a snug little bungalow on Fourth Avenue, just across from where the Presbyterian minister expounds holy writ from his veranda. Dr. Maguire will be able to survey the skyscrapers of the business section and the harbour, crowded with shipping. He picked a good residential site.

The Canadian National Hotel rumor is still a rumor. Nothing has happened to get it beyond the rumor class. Yet, the rumor persists. Smoke-smoke smoke, but no fire. It is generally held that should it be the intention to proceed with construction, the building will stand on 1st Avenue, between McBride and Second Street—an entire block in length, overlooking the harbour. According to what is heard it will be of tourist design, with ample grounds.

HAZELTON CONSERVATIVES MET

The Hazelton Conservative Association held its annual meeting in Sargent's old post office building last Thursday evening and there was a good turnout and plenty of enthusiasm. Many matters were up for discussion, and some were referred to the executive to deal with. The officers elected were as follows:—
Hon. Pres.—Hon. R. B. Bennett
Hon. Vice-Pres.—Hon. S. F. Tolmie
Hon. J. C. Brady, M. P.
President.—R. S. Sargent
Vice-Pres.—Mrs. Chappell
Secretary-treasurer—Wm. Larmer
Executive committee—C. W. Dawson, A. D. Chappell, Peter Neilson, Mat Myras.

Biggest Riding In This World Will be Yukon

Ottawa, (Special to the Omineca Herald) The most interesting legislation introduced this session of Parliament—apart from that dealing with vital national problems—is a bill introduced by the Solicitor-General which would include all the Northwest Territories in the Yukon electoral district.

If it becomes law the next member for the Yukon will represent a larger constituency than any other elected representative on earth. It will be 100 times larger than all Belgium, six times larger than France, seven times larger than Germany and more than ten times as large as England, Ireland, Scotland and Wales. Its area in square miles will be 1,242,224.

The Yukon, already one of the largest electoral districts known, contains 207,076 square miles and over 1,000,000 square miles will be added to it. It will stretch from the Atlantic to the Pacific and from the present northerly limits of the Provinces to the North pole.

The area which it is supposed to link with the Yukon for electoral purposes contains 475 whites, 3,800 Indians, 7,100 Esquimaux and 3,000 half breeds. The returning officer, the bill points out, would have to operate from the Yukon by airplane and the candidates, presumably, would have to adopt the same plan. Otherwise it would require years, instead of weeks to cover the ground.

It is understood that the Esquimaux would automatically be given the franchise, though how his vote would be properly registered is not made clear.

A vigorous battle over the measure is forecast when it comes up for second reading. Captain George Black, present member for the Yukon will probably move an amendment that the territory be added to Prince Albert, represented by the Prime Minister, or to Edmonton West, represented by Hon. Charles Stewart the Minister of the Interior.

THIRD ANNIVERSARY WEDDING

Mr. and Mrs. Geo. Beirnes Gave Dinner and Dance to Many Friends on Saturday Night

It being the third anniversary of their wedding Mr. and Mrs. George Beirnes gave a dinner last Saturday evening, followed by a dance. There were seventeen guests for dinner, and many others from the Kispiox Valley were there for the dance. Among the Hazelton guests present were R. S. and Mrs. Sargent, Mr. and Mrs. C. W. Dawson, Mr. and Mrs. A. D. Chappell, Mr. and Mrs. George Benson and Mrs. Moore. The dancing continued until after midnight, suitable refreshments were served and dancing resumed. In one of the cabins Mr. Beirnes presided and there was a nice little game in progress when two masked bandits entered and held up the party. The bandits made a successful get-away and the boys refuse to say how much their losses were, and further refuse to lay any complaint to the police. It was a good party just the same, and the best of wishes are extended to Mr. and Mrs. Beirnes.

Jack Sargent who has been attending the U. B. C. since last fall was one of the candidates for membership to the council. Harold Winch was his campaign manager. For were running for the position and Jack was third. The other candidates were all seniors.

The railway Company has quite a crew of men working at various points along the line, and it is understood quite a lot of improvement work is to be done this year.

Proportional Representation For Big Cities

Ottawa, (Special to the Omineca Herald) Preparatory to the forthcoming general election the Government is seriously considering legislation which will introduce proportional representation in all the larger cities of the Dominion.

In Montreal, for example, the plan would not be likely to affect the present ratio of representation where Conservatives have three members. In Toronto, however, where Liberals have no Federal members, proportional representation would probably give them two if not three members. Cities like Halifax, Hamilton and St. John which now return two Conservatives might, with the inclusion of some more rural territory send two Conservatives and one Liberal on the proportional basis. Vancouver, too, might crowd in a Liberal to displace the solid phalanx of Tories who now represent the cities and its environs.

The subject, it is said, has been thoroughly discussed by the Government with its Ontario supporters and they favor it for Toronto and Hamilton. Quebec members do not, think they will lose by it and in other cases there is nothing to lose. Most Progressive members are on record in favor of the proportional system, while conservative members would see in its introduction at this time nothing but a bit of well-calculated political strategy.

If it offers a hope of five seats now held by the enemy, that means a difference of ten in voting strength, a consummation to be deeply and favorably studied by any government and it is being studied.

ELK FOR THE ISLANDS

Eight from Wainwright were sent to the Coast last Thursday—Only One was Train Sick

Last Thursday morning eight elk from the Wainwright national Park passed through here on the regular passenger train. There were two bulls and six cows. They were enroute to Queen Charlotte Islands where it is hoped they will be happy and thrive. The animals stood the trip very well up to the time they reached Prince Rupert only one had been train sick. If these animals do as well as is expected, further shipments will be made to the Islands, and eventually permission will be granted to hunt elk on the new Pacific reserve.

ADDITION TO THE SCHOOL

There is every reason to believe that a second room addition will be built this year to the New Hazelton school. It was found necessary last winter to add a second teacher and the children have been housed in temporary quarters. The matter has been taken up with the Department of Education and the secretary of the local school board expects to hear from the department shortly. The policy of the government has been for years to assist outlying schools by erecting suitable buildings, and the request from New Hazelton is only in line with the established policy. The need for the additional room exists, and there should be no delay in providing the accommodation.

Maybe you do not think so, and maybe you do not know why, but spring is here. It has been here for five days. The tulips are up and the trees and shrubs are budding. If you want further proof count how many natives and others left their wood hauling until the roads were breaking up. Another sure sign of spring—The robins have returned.

Mrs. O. Johnson is making a satisfactory recovery in the hospital.

COMPANY IS INCORPORATED

Holders of Stock in Old Company are Able to Exchange for Stock in the New Company

Omineca Mining & Milling Co. was incorporated on March 14th. Head-office is at 470 Granville St., Vancouver. Permission was granted to issue three million shares of no nominal or par value.

This is the company which has taken over the Silver Cup holdings in this district. Recently letters were sent to all stock holders of the late company, whose address was known, offering them an opportunity to trade in their old stock for new stock at the rate of three shares of old for one of new, or share for share with an additional payment of 3c per share for the new stock. This offer is good for only thirty days.

The new company will get operations at the mine started as soon as possible and will give employment to twenty or thirty men for several months before the mill is started up again. After that quite a number of additional men will be required.

W. S. Harris reports that he has the camps and tunnel at the Rocher de Boule property ready for working, and that in a few days he will have the tram line ready. Snow has been the big handicap so far. There is more snow up there now than when he first went up.

The session of the Legislature was finished on Tuesday night and the members are either home now or on their way. Dr. Winch, accompanied by Mrs. Winch, are expected home on Saturday night.

SCOTTY AND RUBE TALKED

The Portland Canal News reported recently that Dave Allen is in the hospital suffering from quinsy, and Scotty Paterson was also a patient, suffering from insomnia. Scotty and Dave are in the same ward with Rube Hull, and they certainly have some gabfeasts. All the old battles are fought over again until the matron has to turn the lights out to silence the trio. Unless Scotty Paterson has changed a lot turning out the lights would not make much difference until he had finished his say, and he would say it most emphatically too. The matron is indeed a brave woman, or else she can not hear so well as she did at one time.

ROAD WORK TO BE DONE

In Skeena and adjoining districts—Will keep many men employed all season.

Of the \$8,000,000 loan to be made by the Provincial Government for roads this year the following roads will benefit in Skeena riding:—Prince Rupert's highway extension; Lakelse Lake road extension; Improvements main highway Hazelton-Smithers, and Smithers to Hubert together with settlers roads.

Omineca—Vanderhoof-Stuart Lake road; Fort George-Hazelton widening and graveling. Roads in vicinity of North Francois Lake, Francois Lake to Ootsa Lake, Topley-Babine, Burns Lake-Babine, Wisteria-Houston, various settlers roads.

Prince Rupert—Prince Rupert highway extension; Galloway rapids towards Skeena river.

Queen Charlotte Island, improvement on main roads and settlers roads.

LOCAL CONDITIONS ARE GOOD

Conditions in this district and all along the Skeena river are brighter this spring than they have been for a number of years. Just now it looks as if anyone who desires to work will be able to get a job, and there will be a great variety of work offering from engineering and skilled mechanical jobs to pick and shovel jobs. This is no advertisement to out-of-workers from other sections or other provinces, to come here. There are a good many local men who have not worked for some time and who are needing a job. Most of the work will be handled by the local people, although some of the special skilled work may bring in a few new men.

Last week the Herald mentioned the construction of a new bridge and this will cost over a hundred thousand dollars, the new hospital will cost at least seventy-five thousand, and another hundred and fifty thousand dollars will be spent on the main highway between here and Terrace. At Terrace there will be some important road work done also, and between this point and Smithers, and from Smithers on to the boundary of the district.

In addition to these things there is assurance that mining will be going strong at an early date this summer. There will be the Silver Cup and the Rocher de Boule, and farther down the river Usk properties will work a good many men. But possibly one of pole camps. At many points along the best fields of labor will be in the the river camps are working and will continue to work, such as Skeena Crossing, Kitwanga, Cedarvale and, possibly one of the biggest shippers of all will be Terrace where the big sale of timber was made last week. At least five camps will be opened there during the next few weeks.

All this work means greatly increased markets for agricultural products of all kinds. There should be no complaint of a lack of a local market. It will mean, also, a much stronger buying power for all the people in the district. Local conditions are exceptionally good.

TERRACE NEEDS A DOCTOR

There is no doubt about it that Terrace needs a doctor, and this year the need will be greater than ever. Hardly a train goes out but one or more patients are sent to the hospital. To provide a hospital here would be a very heavy undertaking. The Annual call of a hospital is also a heavy one and there is no let up to that call. What seems like a most praiseworthy suggestion came from the medical association or the department at Victoria and Terrace would do well to consider it seriously. That suggestion was that Terrace provide a residence for the doctor with two or three extra rooms for the use of patients. It seems like a solution of the problem for a few years at least. It would certainly be an inducement to a doctor, and the accommodation for the sick and injured would be a great improvement over the present.

The federal member for Skeena is not likely to favor making the Northwest Territories and the Yukon all one riding with a total of over a million square miles. It will take away much of his thunder when he makes a speech in the House. Skeena members have always boasted that they represented the biggest riding in the Dominion, or any other Dominion.

There were strong hopes that the B. C. Legislature would wind up its business today. If the Premier has consulted A. M. Manson, member for Omineca, and he is willing to quit his talking, the closing might be possible.

District Forester Parlow, successor to R. E. Allen, established a record at

Government of the Province of
British Columbia

March 31

is the last day for filing returns of Income earned during the calendar year 1929.

Returns are required to be filed with the Provincial Assessor, Smithers, from whom the necessary forms and full information may be obtained.

Those required to make returns are as follows:—

- 1 Every corporation or joint stock company (use Form No. 7)
- 2 Every partnership and every person engaged in business of any kind, or practicing any profession (use Form No. 7B.)
- 3 Every other person in receipt of income from salary, wages, commission, fees, bonus, perquisites, interest, dividends, rent or other income from any source whatsoever, in excess of
 - (a) In the case of a married person, \$1800
 - (b) In the case of a single person, \$1200.
 Use Form No. 7A)

Individuals whose total income from all sources is less than the amount specified need not file a return unless requested by the assessor to do so.

In the case of Provincial returns the amount of the tax is not payable until 30 days after the date upon which the Assessor mails a notice of assessment.

The public are earnestly requested to obtain the necessary forms and file returns promptly in order to avoid penalties. Assistance in the making up of returns will be gladly rendered where necessary by the staff of the Assessor's office.

Department of Finance,

C. B. PETERSON,
Commissioner of Income Tax

the timber sale in Terrace last week that he will find hard to keep up. He estimates the sale at \$30,000 without the royalty.

If the public works engineers were to make a trip over the roads now it would not be hard for them to decide where ditches were required, or what direction the water should run. Just at present the water is not very particular so long as it can run.

DOES GRADING PAY? YES!

Canadian potatoes made a good start for 1930 by taking a premium in the Boston market over the State of Maine product. A report received from the United States market report service shows that P. E. I. potatoes selling in 90 pound lots got a price of from five to fifty cents more per unit than was paid for the same class of product from the State of Maine selling in a 100 pound bag. Every carload and cargo of potatoes shipped out of P. E. I. was government inspected and certified. Yes—grading does pay.

CLOVER A HONEY MAKER

Clover and honey have always been intimately associated with good reason. Figures supplied by the Dominion Department of Agriculture show that clover leads as a source nectar supplying the honey flow during the year for 40 days; fruit blossoms supply nectar for 26 days of the year, the dandelion for 23 days and the raspberry and goldenrod each for 20 days, with pussy willow starting the season with a 18 day supply.

Now that skirts are getting longer, many men are afraid that their eyes are on their last legs.

"Has your son's college education proved of any real value?"
"Yes, indeed. It's entirely cured his mother bragging about him."

"The lampposts in our road have been repainted."
"Yes, I noticed it when my husband came home."

TERRACE

The Terrace Hospital Board met on Friday, Mr. Halliwell presiding. It was stated that a fortnight had elapsed since communications were sent respecting the supply of a doctor but so far no replies have been received. A recent inventory of the hospital equipment was presented but was found incomplete and a further examination was decided upon. The chairman announced that subsequent to the completion of the inventory the goods would be warehoused upstairs in the old Kenney Store.

W. Smith who has spent the past few months on the coast returned to his home on the Bench on Wednesday last much improved in health.

Mrs. A. Y. Wilson was a visitor in town on Wednesday and a guest at the Carruthers and Wilkinson wedding.

Mr. and Mrs. Lindstrom were visitors in town on Thursday.

Mrs. Ole Solbrakk was taken to the Prince Rupert Hospital on Thursday last suffering from pneumonia.

Lenten Services will be held in St. evening at 8 P. M. Choir practice the same evening will commence at 7. Mathews church every Wednesday

Charles Wilkinson of Sockeye was a visitor in town this week and a guest at his sister's wedding on Wednesday last.

Will Robinson of Lakelse occupied

Miss Mazie Leggett of Smithers is a holiday guest at the home of Mrs. McLeod, and was a guest at the Carruthers and Wilkinson wedding.

the pulpit in Knox United church on Sunday evening owing to Rev. Allen being indisposed from throat trouble

H. C. Fraser, school inspector was a week-end visitor in town on official duties.

Mr. McLeod, local C. N. R. agent is confined to bed through illness. His place is being filled by Mr. Crawford, telegraph operator on the work train here.

Capt. Hearn and R. McRae of the Lakelse hatchery staff were visitors in town over the week end.

J. K. Gordon is making good recovery after his recent operation and will be out of the hospital in another week.

Mrs. Reginald Hogan (nee Sylvia Taft) left Saturday for Hazelton to enter the hospital for treatment.

The Misses Gwyer and Munroe were dinner hostesses on Saturday evening when they entertained a few friends in honor of H. C. Fraser.

Rev. A. W. Robinson was confined to his home through illness. The morning and evening services were conducted by N. Sherwood last Sunday.

R. E. Allen said goodbye to a lot of his friends here on Thursday and Friday. His trip here for the auction sale will be his last before going Kamloops.

Just as the local streets were getting good a five inch snow storm came to mess them all up again.

A WEDDING AT TERRACE

A very pretty wedding was solemnized at the home of Mr. and Mrs. J. Fagan on Wednesday afternoon at 4 p. m. when Miss Frances Beatrice Wilkinson daughter of Mr. and Mrs. Wilkinson of Remo was united in marriage to Charles L. Carruthers of Terrace. Rev. A. W. Robinson officiated. The bride, who was given in marriage by her father, was charmingly attired in a gown of white satin with silver trimmings, silver slippers and bridal veil caught with orange blossoms. She was attended by Miss Gladys Kenney who wore pink georgette with silver trimmings. The groom was supported by Roy Thomas. Following the ceremony a buffet luncheon was served and a pleasant social hour spent. The bride and groom are well and favorably known and the best wishes of the community are extended for a long and happy life. The young couple have taken up their home in the Kalum Lake district.

DIED IN PRINCE RUPERT HOSPITAL

News of the death of James Burns in Prince Rupert hospital on Thursday morning was received with regret as his many friends had hoped for his recovery.

Born in the state of Michigan in 1861 where he spent his boyhood and early manhood. He took to prospecting while a young man and spent years in Colorado and other states. He came to Terrace about seventeen years ago and while here has made many friends who admired his quiet sterling qualities. He always saw the best side of his fellow workmen and was a general favorite with all who came in contact with him while prospecting. He is survived by one niece Mrs. McKeown of Herbert, Bask, and other relatives in Michigan. The remains were laid to rest in Prince Rupert on Saturday afternoon the funeral arrangements being in the hands of the B. C. Undertakers.

Caller—"Who's responsible man here?"

Office Boy—"If you mean the fellow that always gets the blame, it's me."

Successful Play By Local Talent Staged Terrace

The two act play entitled "The Strike of the Ladies Aid" by Edna L. McKenzie drew a full house on Friday evening when the members of the Ladies Guild of Knox United Church proved their ability as entertainers and actors of more than ordinary skill. The humorous story of the strike was delightfully portrayed. The various costumes of the early periods were both amusing and graceful, according to personalities represented. The whole cast seemed to enjoy its role of quarelsonie talkative but good hearted old ladies.

Especially worthy of comment were Mrs. Holmwood in her role of the perpetual pill-taker; Mrs. Kenney as Sadie Razor with a sharp edge to her old maids tongue; and Mrs. Moore who stuck consistently to her proverb that "Man was born to sorrow as the sparks fly upwards". Marjory Kenney, as the tale bearing Prunella was quite at her ease on the stage. The players mentioned had outstanding parts, the other members of the cast doing their parts with equal ability.

Mrs. H. L. McKenney, who directed the play, acted as accompanist. A very pleasing duet by Jenny and Corbin King was much enjoyed during the intermission. Following is the cast:—

Mrs. Choorbody, President—Mrs. O. T. Sundal.

Miss Carrie Germs—Mrs. Anderson Mrs. Vollumhauser—Mrs. Thos. Brooks.

Mrs. U. R. A. Croaker—Mrs. Moore Mrs. Claude D. Weather—Mrs. J. Smith.

Mrs. Ima Whatnot—Mrs. W. Kirkpatrick.

Mrs. O. Gadabout—Mrs. Thomas. Mrs. Will Takem-Pills—Mrs. Halmwood.

Mrs. I. Stirauss—Mrs. Riley. Miss Sadie Razor—Mrs. Kenney.

Miss Cherry Blossom—Mrs. T. E. Brookes.

Mrs. O. B. Proudfoot—Mrs. W. Smith.

Mrs. Q. U. Silver—Mrs. Soucie. Mrs. Prunes—Mrs. H. T. Allen.

Prunella Prunes—Marjorie Kenney

CHIEF NELSON IS DEAD

Chief Ohas. Nelson passed away on Wednesday morning last after a lingering illness. Born in Metlakatla about 70 years ago he has spent practically all his life in the Terrace district where and his wife held the respect and esteem of the residents generally. The remains were laid to rest in the old Kalum cemetery on Saturday afternoon, Rev. H. T. Allen officiating. The funeral was attended by a large concourse of friends many being present from Vanarsdol, Metlakatla and other points. He leaves to mourn his loss his widow, four sons and four daughters.

AIR MAIL SERVICE INTO FAR NORTH

Ottawa, (Special to the Herald) Instructions issued this week by L. J. Gaboury, Deputy Postmaster-General regarding the MacKenzie River Air Mail Service are of interest. The instructions read:

Early break up conditions in the MacKenzie River area have made it necessary to advance the date of the last hrough trip for the winter season from Fort McMurray to Aklavik and way points.

The planes will leave Fort McMurray on March 13th. Instead of March 25th as previously announced, and arrive on March 18th. Returning they will leave Aklavik on March 19th and reach Fort McMurray on March 23rd.

Mother—"What did your father say when he saw his broken pipe?"

Innocent—"Shall I leave out the swear words, mother?"

Mother—"Certainly, my dear."

Innocent—"Then I don't think he said anything."

The Omineca Herald is \$2.00 per year long.

NEW FREEZING PROCESS USED

Ottawa, (Special to the Herald) The rapid development of the quick freezing process of preserving fresh cut meats to be sold in packaged form is said to be one of the most revolutionary developments in food merchandising since the advent of canned foods.

The new system calls for butchering the carcass promptly into individual cuts, which are frozen solid in air tight rapers and chilled to 50 degrees below zero. It is claimed that the quick freezing process brings the meat to the consumer with the weight, flavor, texture and appearance unchanged.

The present cost is about 2.45 cents per pound which is expected to be reduced under large scale production. Savings will be realized in the elimination of waste. Transportation savings are expected, since the space taken up by packaged meats is less.

QUICK NEWS

We are glad to know that Jas. Fairbairn is once more convalescent.

With the numerous saw rigs now available, all ranches have plenty of wood sawn up this spring. Greer poplar cut now and dried, makes the very best wood.

New lock boxes are available at the post office, at the end of the sidewalk. One block north and two block east.

J. O. Clarkston is still holding his own, and it is hoped that he may be able to avoid the hospital.

Don't blame the Institute if you do not place your orders for powder early enough.

Mrs. Holland's mother, who recently arrived from the old country, rather likes B. C.

We have some horrible roads at present. They need grading and gravel very badly.

The valley institute may be able to arrange a consolidated jamboree for the benefit of the B. C. Dairymen's Association, sometime in June.

MARSH MEMORIAL CHURCH

Community Church at Usk Held Annual Meeting—Sunday School Was Organized

Rev. A. W. Robinson and Rev. H. Allen attended the annual meeting of the Marsh Memorial church held in Usk on Monday last. The officers for the ensuing year are as follows:—

Hon. President—Canon T. J. Marsh President—Capt. J. Willman. Secretary—Percy Skinner.

Trustees—Rev. H. T. Allen, Rev. A. W. Robinson, Mrs. Whitlow, Mrs. Glover, Mrs. Bell, Mrs. Post, Mrs. Stuart, Mrs. Skinner, Mrs. Duncan, Mrs. Drake, Mr. Brechin, Mr. Colborne and Mr. Alger.

Following the election of officers considerable business was disposed of. It was decided to buy an organ and have it installed at an early date. A Sunday school was organized with the following officers in charge; Mesdames Duncan Skinner, Glover and Drake

Mrs. Sharpe and Mrs. Chappell entertained the Felix Bridge club and their husbands at the former's home on Tuesday evening. The ladies first prize was won by Mrs. Wm. Gow and the second by Mrs. R. S. Sargent. The men's first prize was won by Mr. Sargent and the second by Mr. W. W. Anderson. Next week the club will meet at the home of Mrs. Turnbull.

She—"Now you may pride yourself on being able to judge a woman's character by her clothes. What would be your verdict on my sister over there?"

He—(looking at her sister's scant attire) "Insufficient evidence."

The Canadian National Railway expects quite a heavy travel this year with quite a number special excursions.

ONE GOOD RECIPE MAKES

A COOK FAMOUS

In the winter there is such a glorious variety of fruits and vegetables with which to compose salad masterpieces. When a crisp salad accompanies a meal composed of hearty winter foods, it brings with it more than the appeal of its vivid color and delicious flavor, for it has as well the health giving materials and vitamins which are necessary.

For a fruit salad with cheese dressing, remove the pulp in sections from two grapefruit. Chop one third cupful of pecan meats coarsely and add them with three-fourths cupful seeded Tokay grapes to the grapefruit sections. Add a cheese dressing by mixing together in a bowl four tablespoons of salad oil, one tablespoon of grapefruit juice, one half

salt, one eighth teaspoonful of pepper one fourth teaspoonful of paprika and one tablespoon of finely chopped Roquefort cheese. Beat with a fork until thoroughly blended. Serves six.

NOW IT'S APPLE SAUCE

"What we can't sell we can" will soon be the slogan of the apple grower. The Dominion Department of Agriculture is now developing ways and means of extending the market for apples and apple products. Much has been done by grading, dehydration has been developed, and there is a good trade in the canned apple, now it's apple sauce. Fresh from the orchard, cooked, sweetened and flavoured with spice, ready for the flaky crust, it comes in cans. Already it finds favor with the pie baking trade and the housewife will find it handy.

Short Stories

Close to Home

Miss Gladys Miller, a graduate of the Hazelton Hospital, has returned to her home in Vancouver after having taken a post-graduate course in the Children's Hospital in Toronto.

Norman Cary returned Saturday night from Vancouver where he attended the funeral of his mother.

Last Friday Geo. A. Gray made his first trip over his new territory on the wayfreight. He has recently been appointed to the assistant divisional engineer's position with headquarters at Smithers. He succeeds Mr. Russell who was transferred to Regina.

Mr. and Mrs. Stanley Gould and daughter Marion and Ruth Walter motored down from Smithers on Sunday to spend the day with Mr. and Mrs. R. Spooner.

Mrs. H. W. Wood went to Prince Rupert on Tuesday morning to meet her mother. They will return on Saturday night.

The W. A. to the H. H. will meet on April 1st. at the home of Mrs. W. W. Anderson.

The United States has placed a duty on cedar poles from Canada of \$1.50 per thousand lineal feet. This will be bad for the pole business in northern B. C. which has developed so rapidly in the past few years.

A man by the name of Gavin from Salvia was admitted to the Hazelton Hospital last Saturday night suffering with a badly and dangerously cut thumb upon which an operation was immediately necessary. Gavin had been cutting wood and the ax slipped.

Mrs. R. E. Hogan of Terrace, was admitted to the Hazelton Hospital on Saturday night for treatment.

Last Sunday Dr. Kirkpatrick and Miss Ford, R.N., went down to Woodcock to attend Mrs. John Soroka, and they brought her back to the hospital that evening.

S. Lindrud of Burns Lake was admitted to the Hazelton Hospital last Sunday morning. He has a badly injured ankle.

N. Wilson of the engineering staff of the C. N. R., who has been a patient at the Hazelton Hospital for a week or two, has recovered sufficiently so that he went back to Prince Rupert this week.

Mr. de Kergommeaux of Terrace spent the week end at the hospital.

Pete Spooner motored up from the railway town last Sunday and spent the day with his parents.

E. C. Dawson and party motored to New Hazelton last Sunday and report that the road is in pretty fair shape for this time of year. The road to South Hazelton is by far the worst in the district so far.

My Irish Rose will be staged in the Assembly hall, Hazelton Friday night, March 28th, under the auspices of the Hazelton Social Club. A company of Smithers young people will put the play on and it promises to be a night of enjoyment. In Smithers big crowd was present and are enthusiastic over the efforts of their local talent. Be sure to be there next Friday night. The concert will be followed by a dance with music furnished by Smithers Orchestra.

The special agricultural demonstration and lecture car will be at Hazelton on April 3rd. From there it will proceed west and then return. This car should prove of much interest and benefit to those who are able to get to it.

Mrs. Parkes and Miss May Parkes leave this (Wednesday) evening for their home in Nanaimo after having spent the past month with Mr. and Mrs. John Butlin.

GUST CHRISTIANSON,
Applicant and Transferee

SALE OF FARM PROPERTY

Tenders will be received up to and inclusive of Saturday, April 19th, 1930 for the purchase of an undivided half interest in Lot 1169, Range 5, Coast District, the half interest containing 200.8 acres, more or less.
This property is located one mile from "Endako" Station on the main highway to Prince George. The soil is an excellent clayey loam, and has 40 acres under cultivation. Terms arranged to suit the purchaser.
For further particulars apply to
J. A. Rutherford,
Smithers, B. C.

YOUNG ENGINEER DIED

Death claimed Robert Miller Jackson of Vancouver, but who has been on the engineering staff at the Duthe mine for a little over a year. The young man went to the Smithers hospital on March 13th and underwent an operation for appendicitis, and he passed away on Sunday the 16th. He was a married man and his wife and young daughter are left to mourn his loss. His remains were taken to Vancouver, his old home, for interment. Mr. and Mrs. Hattie accompanied the bereaved as far as Jasper.

CHAS. GIGGY BADLY INJURED

Chas. Giggy Sr. of Terrace, was taken to the hospital at Prince Rupert on Friday on the wayfreight as the result of a fall. He went down to the river for water and when returning he slipped on some ice and fell. A snag pierced his neck, severing an artery and making a very nasty gash. Mrs. Smith rendered first aid, but he was bleeding very freely and was in a weak condition.
